SPECIALTY (THC+THCP)

THCp is 33x stronger than THC

THC+THCp Chocolate Our strongest THC chocolate in a delicious white chocolate apple pie, is guaranteed to light up your mind and your taste buds! In 2019, researchers discovered tetrahydrocannabiphorol (THCp); initial research suggests that THCp is 33 times more active than THC on the CB1 receptor and up to 10 times more active on the CB2 receptor compared to THC. <https://www.nature.com/articles/s41598-019-56785-1>
