LOUISIANA CANE SUGAR
VEGAN + GLUTEN FREE

THCp is potentially 33x stronger than THC

THC+THCp Gummy Our strongest THCp gummy in a delicious Berry Magic Melon flavor, is guaranteed to light up your mind and your taste buds! In 2019, researchers discovered tetrahydrocannabiphorol (THCp); initial research suggests that THCp is 33 times more active than THC on the CB1 receptor and up to 10 times more active on the CB2 receptor compared to THC. That means this gummy PACKS A PUNCH.... hence the "Equivalent to" estimation.
